Please note the 15 minute break between classes. This allotment of time allows for the CSDS Staff to reset studio space, clean/disinfect barres, and prepare for next class. Additionally, it allows for departing students to be picked up before the next class arrives or begins. Please refer to our website at [www.centerstagestudio.org](http://www.centerstagestudio.org) to read more about CSDS' Covid safety protocol and procedures.

Please check our website for full class descriptions! If you do not see a class description listed online, please reach out via email to learn more about our NEW CLASSES!
